insights® DISCOVERY INSIGHTS-DRIVEN LEADERSHIP WORKSHOP

Using unique ways to explore Discovery Insights, individuals truly embedded an understanding of their colour energies and how best to communicate with others.

Cloaked in Colours

- Wearing their boiler suits, participants started their Insights transformation as we revealed further levels of discovery

Hall of Fame

- Inspired by our Hall of Fame gallery, participants evaluated the authenticity of the leaders, and identified the observable behaviours they exhibit in relation to their Insights' colour energies

Play, Pause Rewind

- Unexpectedly joined by 'colleagues', participants were immersed in the real-play exercise - Play, Pause and Rewind - exercising all their Insights skills to affect a positive outcome

"Just to say...it was great to work together again on the Bootcamp, and the reaction feedback from the Rising Leaders on Thursday was so pleasing to hear!" Global Talent Partner

AGILE LEADERSHIP EXPERIENCE

Agile by name, agile by nature, participants went back to their childhood to play 'Agile Hopscotch' - each step of the way exploring the behaviours to enable them to win with an Agile Mindset.

Bespoke Agile Approach

- A unique and bespoke Agile Leadership model was explored, refreshingly easy to understand and implement

Unique delivery mechanism

- Participants' emotions were stirred, as they went back to their childhood to explore the steps to agile working through a game of hopscotch

Clear 'steps' to deliver
